TECHNOTHLON

IIT Guwahati welcomes you to witness the battle of geniuses, the biggest extravaganza of rationality, and the ultimate test of logic – the 12th edition of Technothlon.
This international school level championship takes you to a challenging and dazzling journey, which tests your critical thinking to the extreme limits. A journey where fun will meet your creative rigour and innovation skills. A chance to challenge "Athena's" wisdom and cleverness..!!
On 19th July 2015 you will take your first step to reach the battleground,
PRELIMS: for classes 9th-12th. Qualified students will fight for their glory in the next phase, MAINS conducted at IIT Guwahati.
So buckle up and let your Owls of creativity fly free...!!

PRELIMS

The expedition to the temple of knowledge begins here. Technothlon '15 comes right to the doors of your city in search for the best brains of the nation. It challenges you, the WARRIOR OF GREECE to take a journey where you battle against the rest, on the grounds of analytical and logical thinking, leaving behind the weapon of your academic syllabus.
Fight till the end and you will find your path to reach the MAINS at IIT Guwahati.

MAINS

The inception of mains during TECHNICHE, the annual techno management of IIT Guwahati summons the explorers of knowledge. The Top 50 teams qualified are invited to IITG during Techniche to challenge their grey matter with some technically riveting and audaciously exciting events.

THEME

Get ready to lace up your boots for this amazing journey filled with audacious events to help "Athena Noctua", the Minerva owl from Parthenon to reach IIT Guwahati to witness their annual techno-management festival **Techniche**.
But mind you! It's not a lap of luxury, but an immensely challenging path. Your wits, critical thinking, co-ordination and intelligence, will all be put to test. Nor the strong neither the intelligent but the most logical and rational survives.

Remember: The more difficult it is to reach the destination, the more pleasant the journey becomes.

"Creativity is intelligence having fun"

- Albert Einstein

EVENTS AT IIT GUWAHATI

Get ready to experience the 'supercalifragilisticexpialidocious' events of all time in the MAINS at IIT Guwahati. Here Technothlon gives you a platform to LEARN, EXPERIENCE and DISCOVER new skills. Your qualities such as temperament, presence of mind, judgemental abilities and your creative limits will be wholly and thoroughly tested, in these three days.

Take off with the rockets of your imagination to reach the new heights. Explore your in-built coded ingenious skills. Sneak peek into the box of your inventiveness. Bring a golem to life with your adroitness and magic of your cognition.

YES, here learning and competing is much more fun...!!

You go head to head against the greatest minds of the nation to shine among the fantastic 5 and to become the paramount warrior of all....!!

TECHNOFIN

Perturbed by the inadequate and below par financial literacy among school students in our nation, The Finance and Economics Club,
IIT Guwahati introduces its initiative, TechnoFin in association with Technothlon to foster the financial literacy. With the intention of catalysing the proliferation of financial literacy among Indian youth, TechnoFin aims to acquaint the school-going students with basic economic and financial concepts and terminology which, in turn, will hand over to them the required tools to cope up with the complex financial world outside and to manage their personal finances as well.
